# BRAND PRESENTATION

FLAVORIM OLIVE is a premium brand of extra virgin olive oil, born of excellence and Mediterranean tradition. Our olives, hand-picked from the sunny orchards of Spain, are processed exclusively by cold mechanical means, without any chemical treatment, to preserve the purity of their taste and all their nutritional qualities. The oil is then bottled at source to guarantee freshness and traceability.

## **The Art of Gastronomy Elevated by Extra Virgin Olive Oil**

**In these scenes of haute cuisine, Michelin-level chefs transform exceptional ingredients into true culinary masterpieces.**

**A drizzle of olive oil gently caresses delicately poached shrimp, adding fruity notes and an irresistible glossy finish.**

**A silky spoonful of oil glazes a refined dessert, balancing sweetness with a delicate herbal touch.**

**A perfectly seared salmon fillet rests on a bed of colorful vegetables, its juicy flesh enhanced by a drizzle of olive oil that reveals the full richness of Mediterranean flavors.**

**Unlike neutral vegetable oils, which merely add fat, extra virgin olive oil acts as a true culinary ingredient: it enriches textures, amplifies natural aromas, and gives every bite a unique identity.**

**Each drop is a signature — a golden shine, aromatic depth, and a touch of health and nobility that elevates every dish to perfection.**

**HEART-FRIENDLY  
CHOICE**

Rich in Antioxidants

A drizzle of olive oil  
makes the difference

**Bread with  
Olive Oil**

A classic Mediterranean delight

**Pizza with  
Olive Oil**

A rustic Italian treat

## **OLIVE OIL'S ADDED VALUES IN COOKING**

- **Nobel and Naturel**
- **Enhances flavors**
- **Versatile culinary ingredient**
- **Best for health**

# EXTRA VIRGIN OLIVE OIL – LIQUID GOLD FOR HEALTH AND TASTE

---

More than just an oil, extra virgin olive oil is a true elixir of life, a symbol of balance and well-being for thousands of years. Made from carefully harvested and cold-pressed olives, it retains all its nutritional richness and natural aromas.

## A treasure for your health

Rich in monounsaturated fatty acids (omega-9) and antioxidant polyphenols, extra virgin olive oil protects the heart, regulates cholesterol, reduces inflammation and helps prevent cardiovascular and neurodegenerative diseases. Unlike refined oils or oils rich in omega-6 (sunflower, soybean, etc.), it promotes a healthy metabolic balance and acts as a natural shield against cellular ageing.

## A difference you can taste and feel

Where other oils provide only fat, olive oil adds a unique flavour profile: fruity, sometimes herbaceous or slightly peppery notes that transform an ordinary dish into a culinary experience. It enhances the flavour of grilled vegetables, fish, meat, salads and even the most delicate pastries.

## A versatile ally in the kitchen

Contrary to popular belief, it supports cooking perfectly thanks to its natural stability and can be used for sautéing, gentle cooking and even light frying, while retaining its nutritional qualities. But it is raw, drizzled over warm bread, roasted vegetables or a fresh salad, that it reveals its true nobility.

## Unrivalled added value

Choosing extra virgin olive oil is a lifestyle choice:

- For your health: a daily gesture that nourishes the body and provides long-lasting protection.
- For your palate: an explosion of authentic flavours that evoke the sun and generosity of the Mediterranean.
- For your cooking: a noble ingredient that brings character and refinement to your dishes.

## The liquid gold of happiness

Every drop of this oil is a promise: to savour life, take care of yourself and share moments of indulgence, health and joy.
